PRIMESOL  
EDU CONSULTING

PROJECT BASED TRAINING WITH ENTERPRISE INTERNSHIP  
BUILD CLOUD SKILLS THAT

# INDUSTRY EXPECTS

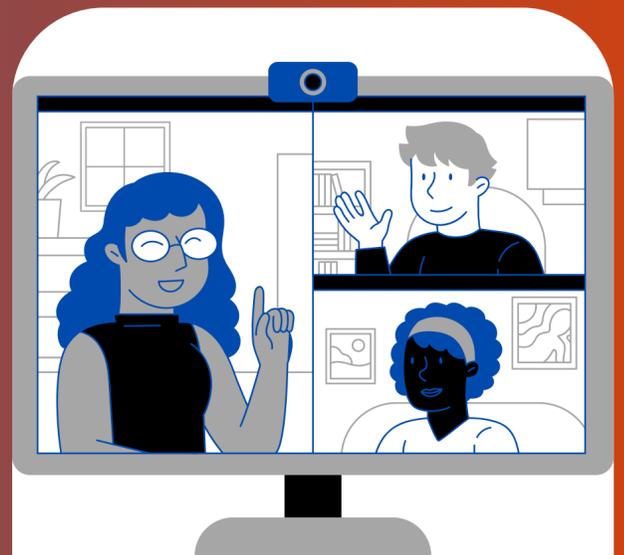

## PROGRAM OVERVIEW

PrimeSol's Cloud Training-Led Internship Program is designed to move you from basic cloud awareness to industry-ready skills. You first complete a paid, structured cloud training that builds your fundamentals, prepares you for relevant certifications and gives you hands-on lab exposure

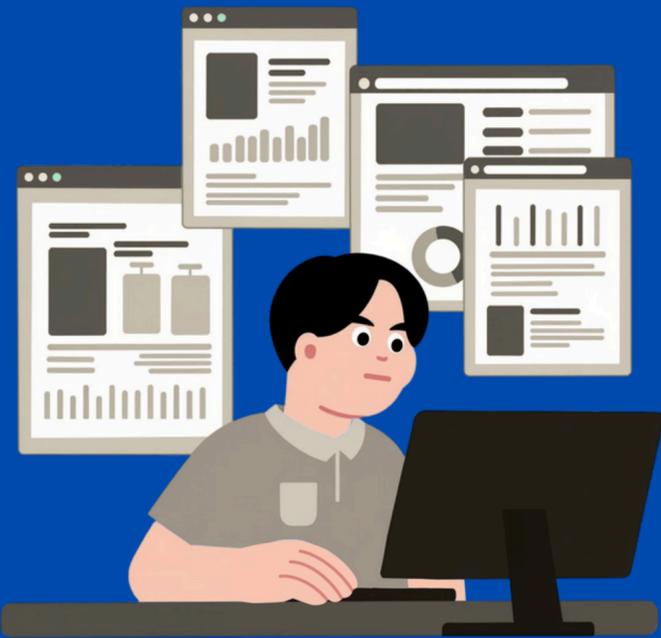

## CLOUD DOMAIN DESCRIPTION - WHAT YOU LEARN

- Core concepts
- Working with a leading cloud platform
- Deploying, monitoring and managing basic cloud workloads
- Understanding how cloud powers modern IT infrastructure and services

Cloud computing is at the heart of modern IT infrastructure. Roles such as Cloud Engineer, Cloud Support Associate and Cloud Administrator value candidates who have both conceptual understanding and practical exposure, which this training-led internship aims to build.

# Training + Internship Structure

- Training Phase
  - Structured modules on cloud fundamentals, services and architectures
  - Certification-oriented preparation
  - Labs, demos and guided assignments on cloud platforms
- Internship Phase
  - Eligibility based on training performance + clearing an internship entry test
  - 3-month or 6-month cloud internship options (batch-specific)
  - Hands-on tasks: provisioning resources, managing environments, basic automation, monitoring and documentation
  - Mentor guidance and periodic reviews

## How to Join – Step-by-Step

1. Appear for the Internship Selection Test
2. Get Selected for the Cloud Internship Based on Performance
3. Enroll in the Cloud Training Program
4. Complete Training Modules and Assignments
5. Join Internship Onboarding and Start Working on Cloud Tasks/Projects

## Eligibility Criteria

- Who Can Apply
  - B.Tech / B.E (CS, IT, E&TC or related)
  - BSc (CS/IT), BCA, BCS
  - MCA, M.Sc (CS/IT) and related technical graduates
- Requirements
  - Basic understanding of IT and networking fundamentals
  - Interest in cloud technologies and infrastructure
  - Willingness to commit to the full training and, if selected, internship duration
  - Mandatory entry test for the training-led internship program

## Mentor Profile

### Ashutosh S. Bhakare

CEO Unnati Training and Development | Global Tech Consultant | Cloud & DevOps Expert | GDE | AWS & GCP Expert | Docker Captain

### Pavan S. Wankhade

CIO | Cloud & Linux Specialist | SUSE & Red Hat Instructor

## Unnati Development and Training Centre Pvt Ltd

Unnati Development and Training Centre Pvt Ltd is a career-focused technology training organization dedicated to building industry-ready professionals through practical, hands-on learning. With a strong emphasis on Cloud, DevOps, and modern IT skills, Unnati bridges the gap between academic knowledge and real-world industry requirements through structured training, expert mentorship, and outcome-driven programs.

## Key Benefits

- Industry-aligned cloud skill development
- Exposure to real or simulated cloud environments
- Understanding of cloud workflows, security and cost considerations
- Mentor-guided project experience
- Internship certificate/completion letter on successful completion
- Strong foundation for cloud-specific roles and certifications
